

We Can Help You Apply for Healthcare Coverage!

If you do not have healthcare coverage, we can help you apply for:

- **AHCCCS** – Arizona's Medicaid program
- **KidsCare** – Arizona's CHIP program for children 18 and under
- **Health Insurance Marketplace** – In Arizona. This is a federally run marketplace where a consumer can buy private insurance. As the consumer, you can also get a clear picture of what premiums you'd pay and what benefits and protections you'd get before you enroll. The marketplace will also calculate premium tax credits and/or cost sharing available to you based on household size and income, (Healthcare.gov).
- **Pima County Access Program (PCAP)** – PCAP offers low-income, uninsured Pima County residents access to professional health care at discounted prices for only a \$40 per person yearly fee (Note: PCAP is a discount program not a health insurance program).
